Carers Employment Support Program

About the program

The Carers Employment Support Program assists Carers to gain employment in their field of choice.

What we offer

- One-on-One Case management
- Development of a tailored plan to achieve goals for Training and Employment Readiness that will provide options for learning and skills development
- Participation in programs to develop confidence, self-efficacy and work skills
- Referrals to access other support networks
- Employment opportunities will be identified by our team
- Post placement support will be provided where necessary
